

**ABOUT THE FESTIVAL:** The Fringe Festival, presented by FringeArts, is a 17-day-long performing arts celebration taking over Philadelphia in September and boasting hundreds of performances by local, national and international artists. The party continues every night with FringeArts' Late Night programming in its beautiful venue on the Delaware waterfront - which houses the La Peg restaurant and bar, as well as a spectacular outdoor beer garden. FringeArts amplifies the cultural vibrancy of Philadelphia year-round by presenting the most cutting-edge, world-class performances from all over the world, cultivating local arts innovators, and creating a fun atmosphere for artists and art lovers alike to socialize, converse, and strengthen Philadelphia's artistic community.
